"Since I came to HOPE Court, I learned that people in my class are pretty much in the same predicament as I am, trying to change and leave the past behind. Starting with having my freedom back and living a normal life, which is working and spending time with family and loved ones. Also, being in HOPE Court around my peers has helped me realize we are not perfect and people make mistakes, but still we are here to share our stories. It has helped me to be the best person I can be."

"I would like to thank the HOPE Court Team, my family and God. The HOPE Court Team played a major road to my recovery, to my sobriety, to my success. The tools I've acquired from MRT and HOPE Court I apply to my everyday life and help me to view life with more understanding."

"Being part of HOPE Court and taking MRT is part of where I'm at now. Everybody there was supportive and having patience to listen to me, making it possible for me to change to a better person . . . I wasn't the only one, my peers who are in the same situation all trying to change and all wanting to just be the best person we can be and HOPE Court gave that to us by being supportive without judging or criticizing us."

"One bad decision can cost you a life time of repairs."

"I want to say thank you for everyone that supported me through this process, this amazing HOPE Court team that allowed me the opportunity to join this team. It's turned out to be by far one of the best decisions I've ever made."
